PERSPECTIVE-SHIFTING,

EVEN LIFE-CHANGING

FACTS

ABOUT THE
UNIVERSITY OF SAN FRANCISCO

1

WE'LL
CHANGE
YOUR MIND.
LITERALLY.

IS ARTIFICIAL INTELLIGENCE RACIST?

What are the power dynamics behind space and movement? How does food change culture? How does gentrification affect diversity?

At USF, we ask big questions. And we aren't satisfied with easy answers. Our Jesuit education will challenge you to think critically and clearly about issues that affect all of us. In small classes, you'll learn with, and from, passionate professors and fellow students from different cultures, experiences, and majors to gain insights you can't get anywhere else.

> **ESTABLISHED:** 1855

> **RELIGIOUS AFFILIATION:**
JESUIT CATHOLIC

> **STUDENT-FACULTY RATIO:** 13:1

> **AVERAGE CLASS SIZE:** 24

We launched an engineering program last fall that includes more women and people of color, and draws on a diversity of perspectives to create graduates who find ethical, sustainable solutions to community needs.

USF RANKS IN THE TOP 3% FOR SALARIES OF GRADUATES.

(Check the federal College Scorecard.)

Apple. Google. Sephora. Pixar. Deloitte. Genentech. American Cancer Society. Sutter Health. San Francisco Giants. These are just a few of the organizations where USF students have gained valuable career-launching experience as interns. Our location in—and connections to—the city make it possible. Our Career Services Center (mantra “three internships before

graduation”) will help you get going, right from your first year on campus. And that preparation pays off.

Our alumni include two MacArthur “Genius Grant” recipients, four Pulitzer Prize winners, the co-founders of Starbucks, NBA and NFL Hall of Famers, a CEO of Intel, and the first Black woman mayor of San Francisco.

5

SOCIAL JUSTICE IS IN OUR DNA.

(Apathy is not.)

IT'S ESSENTIAL TO WHO WE ARE AS A JESUIT UNIVERSITY AND AS PART OF THE GREATER COMMUNITY.

Expect to dive into experiences—locally and globally—that jolt you out of your comfort zone. And work with our global neighbors to make our world a stronger, more just, and compassionate place. As part of your

studies, you might work on an anti-eviction mapping project. Use your language skills as a translator to support refugees. Or take a workshop at our Institute of Nonviolence and Social Justice, co-founded by Dr. Clarence B. Jones, former lawyer and speechwriter for Dr. Martin Luther King Jr. Here, we'll connect you with opportunities to learn, serve, and change the world.
